Fr the Mysore Commissioner in Mysore
C 565 of 1922-23 of the 6th/7th June 1924

Traces the history of the development in the reconstruction of the Jamma Masjid at Kankanhalli and recommends that in as much as the works carried up to now amount to about Rs 11,100/- a grant-in-aid from state grant of the balance of Rs 4000/- might be granted towards the completion of the building and that the state grant (Rs 4000/-) might be equally spread over the years 1924-25 & 1925-26.

11) The institution has very largely helped itself and the amt now asked for is only nearly a third of that already spent contributed by devotees & spent on the work.

12) The amt provided in the Provl Budget for 1924-25 under Com Rs & Repairs of Mun: institutions is Rs 10,000. If this Provl figure is made permanent, the amt req? viz 4000 Rs may be given

10. JUN. 1924

K. V. Anantaraman, Esquire., B.A.,
Secretary to the Government of Muz. 424-22-5
His Highness the Maharaja of Mysore,
Revenue Department.

Sir,

With reference to your C.M.No.2862/M.F.424-22-2 dated 21st May 1923 and subsequent communications regarding the reconstruction of the Jumma Masjid at Kankanhalli, I have the honor to submit herewith correspondence ending with letter No.741 dated 19th May 1924 from the Executive Engineer, Bangalore Division, and to state as follows:--

2. The Jumma Masjid at Kankanhalli is a Muzrai Institution having been endowed with a ready money grant of Rs.7-3-0 a year and the old masjid building which was in a very ricketty and dargerous condition was pulled down in 1911 under the orders of the Amildar. The ----- Mahommedan residents of Kankanhalli and other surrounding places got up plans and estimates for the construction of a new building and also made representations to Government for a suitable grant. A report -- with details about the mahommedan population of Kankanhalli and the existence of any other available place of worship having been submitted by the Deputy Commissioner, Government observed that a grant of ---- Rs.5000-0-0 for a mosque in a place like Kankanhalli out of Muzrai --- Funds was hardly practicable and that if the collection of contributions were proceeded with and a more modest plan and estimate, if necessary were submitted a reasonable grant from Government would be allotted out of Muzrai grant. The above orders of Government were communicated to Mr. Madar Sab and others in an endorsement dated 18th June 1915. As considerable progress according to the original design had already been made, the idea of preparing a revised plan with a modest estimate was never seriously taken up but on the other hand strenuous efforts

efforts seem to have been made by the community to complete the construction work according to their first intentions. They were also incessant in their demand for the help promised in the late - Muzrai Secretary's letter of the 28th April 1918.

3. When the Third Member of Council (the present First Member) visited Kankanhalli in November 1920 the local mahommedans made a - further representation for the early payment of the Government grant and a report was again called for by the Muzrai Secretary to Government. But before the report was received the connected papers were transferred to this office for disposal (vide Revenue Secretary's letter No.1591/M.F.63-22-15 dated 24th October 1922.)

4. The Mahommedan residents having represented to me that the -- works connected with the construction of the masjid building had all been finished except the roofing and that further work was at a stand still for want of funds, a report showing the approximate value of work already done and what remained to be done was called for from the Deputy Commissioner.

In his reply dated 23rd February 1924 (copy enclosed) the Deputy Commissioner reported that work to the extent of Rs.7760-0-0 had been done, leaving work to the approximate value of Rs.8240/- still to be done and recommended that a grant from 2 to 3 thousand rupees may be made from State Funds after the remaining amount required to complete the building was collected by private subscriptions or after the plan of the building was altered and there was a certainty that there was money to complete the building on the altered plan.

5. With a view to have expert opinion in the matter I referred the question to the Executive Engineer and requested him to let me know whether the work so far done had been correctly estimated, what further amount was required if the work had to be completed as --- originally planned and whether the plan was capable of being altered so as to reduce the cost.

The Assistant Engineer's report accompanying the Executive -- Engineer's letter furnishes in sufficient detail, the information on all the points. The work done so far is estimated to cost Rs.11,100/- nearly

nearly and the remaining items of work to be carried out as per original plan are estimated to cost Rs.4200/- thus bringing the total cost to --- Rs.15,300/-. The Assistant Engineer is of opinion that as the work has gone up to roof cornice and parapet wall level, no alteration can be --- made in the plan to reduce the cost.

6. In view of the above and of the facts that the institution is the only one of its kind in the whole Taluk and also the earnestness shown - by the community in having carried out works to the extent of Rs.11,100/-, I am of opinion that the representations made by them since 1911 deserve favourable consideration and early orders. I beg accordingly to recommend that a grant-in-aid of Rs.4000/- which works out at 25% of the total cost may be paid, the charge being debitable to the State Grant allotment of the years 1924-25 and 1925-26 in equal portion ~~and~~ the community --- undertaking to find the balance of the estimated cost and any further -- sums that might be found necessary for a satisfactory completion of the work.

I have the honor to be,

Sir,

Your most obedient servant,

K. Reddy

Muzral Commissioner.

KSR.

Letter No.H.C.844/20-21 dated 23rd February 1924 from the Deputy Commissioner, Bangalore District to the Muzrai Commissioner in Mysore.

"With reference to your letter No.C.565 of 1922-23 dated 3rd May 1923 calling for a report re the construction of the mosque at --- Kankanhalli, I have the honor to forward herewith the records ~~xxx~~ ending with the Closepet Sub Division Officer's Yadi No.L.C.493 of 1919-20 --- dated 4th July 1923 and to state as follows:-

The mosque at Kankanhalli is a village Muzrai Institution. The building was in a dilapidated condition and the Musalman residents of the place sought permission to dismantle the old structure and to build a new one in its place. The Amildar permitted them to do so. The new structure was commenced and some work has been done. The work done so far is estimated at Rs.7,760/-. This amount was collected entirely by private subscriptions and for want of funds further work has been ---- stopped. The work to be done is estimated to require Rs.8240/-. The organisers and the people concerned are eagerly expecting a grant from the Government to enable them to complete the building. They pray for a grant of Rs.5000/- The Government have promised a reasonable grant if the collection of contributions is proceeded with and a more modest plan and estimate (if necessary) be submitted (vide Muz.Secretary's letter No.2423/Muz.653-11-4 dated 28th April 1915). The people have made liberal subscriptions and it is stated that they are unable to complete the structure without a suitable grant from Government. A grant for this has been included in the list of Muzrai works requiring help from the State grant.

I have seen the building under construction and it appears to me that too much money has been spent on preliminary things by indulging in ambitious schemes for which money could not be collected.

In the above circumstances, I am of opinion that a grant from two

to three thousand rupees may be made from State Funds after the remaining amount required to complete the building is collected by private subscriptions or after the plan of the building is altered and there is a -- certainty that there is money to complete the building on the altered - plan."

Letter No.741 dated 17/19th May 1924 from the Executive Engineer Bangalore Division to the Muzrai Commissioner.in Mysore.

"Construction of a Mosque at Kankanhalli.

"With reference to your No.565/23-24 dated 5-3-24, forwarding therewith a file of correspondence regarding the Mosque under construction at Kankanhalli, I have the honor to state that the work to be done will cost about Rs.4,200/- as per copy of report No.930 dated 7-6-24, received from the Assistant Engineer, Chennapatna. The file received from your office is herewith returned."

"Copy"

for Muzrai Commissioner.

Letter No.930 dated 5-5-24, from the Assistant Engineer, No.4 Sub Division, Chennapatna, t o the Executive Engineer, Bangalore --- Division.

Masjid Building at Kankanhalli.

I have the honor to resubmit your memos and the entire file of correspondence with the following report.

I have inspected the building as per abstract estimate enclosed in the file page 35/3 , Items 1 to 12 have been executed up to date and may be estimated to cost Rs.11100/- nearly. The work proposed to be carried out as per plan enclosed in file comprises of the items 13 to 21 of the abstract estimate and is estimated to cost Rs.4,200/- nearly. The total cost is estimated at Rs.15,300/-. As the work has gone up to roof cornice and parapet wall level, no alteration can be made in the plan to reduce the cost. The work so far done is very fair and satisfactory."
